Property and Area Description

This 49,500 SF industrial facility, built in 2004 with tilt-up concrete construction, is designed for high-performance operations. The property features energy-efficient LED lighting throughout, as well as HVLS (high-volume, low-speed) and exhaust fans for optimal air circulation. Previously used for food-grade purposes, the facility is ideal for businesses in the food industry or those needing clean, temperature-controlled environments. The property also includes a 33-stall employee parking lot, providing ample parking for staff and visitors. This versatile, modern space is well-suited for various industrial applications. Located in the Sports Complex submarket, 7410 Stadium Drive is part of the Stadium Industrial Park, strategically positioned west of the I-435 and I-70 interchange. This prime location provides excellent access to Kansas City's key transportation corridors, facilitating efficient logistics and distribution. Notable tenants surrounding the property include Amazon, UPS, and J.B. Hunt, making it a highly sought-after hub for industrial operations.
