Property and Area Description

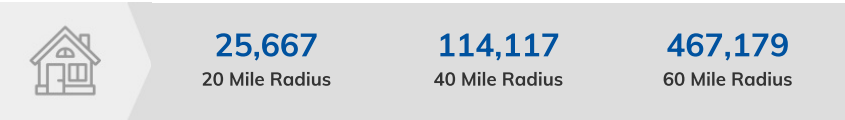

The Sunset Industrial Park is located adjacent to the Bartlesville Municipal Airport with runway access. It is surrounded by all necessary infrastructure, which can be easily accessed. US 60 is on the south side of the park. The acreage may be used in whole or subdivided. The property is owned by Bartlesville Development Authority that can structure a build-to-suit own or leaseback facility for industrial clients. The space can be used for flex, heavy or light manufacturing, industrial, business park, research and development, or warehouse/distribution.
