Property and Area Description

This 110-acre site is zoned I-2, Heavy Industrial District. The site is served by the Nebraska Central Railroad short line. The rail line is located along the western edge of the property. There is optimal access to electrical and natural gas capacities, as well as oxygen and nitrogen in liquid or gas form. Nucor is interested in developing this site as an industrial park for purchasers of their steel products. Please see our Nucor Next Door brochure to learn more about types, sizes, and grades of steel made at Nucor in Norfolk.

Transportation

Nearest Highway: U.S. Hwy. 81 (4.00 mi.)
Nearest Interstate: I-29 (70.00 mi.)
Ingress/Egress Notes: The site offers immediate access to the Northeast Industrial Highway which forms the southern boundary of the site. This east/west roadway is a recently improved 2-lane road which connects U.S. Highway 81 and State Highway 35. The creation of the highway allows truck traffic from industry that is located in the Northeast Industrial area to bypass the community of Norfolk thereby expediting transportation time and increasing safety benefits within the area.
