An aerial photograph of a residential neighborhood. A major road, likely a highway or expressway, runs diagonally from the bottom left towards the top right. A residential street intersects this major road at a T-junction. A red rectangle is drawn on the lot immediately to the left of the intersection, highlighting a specific property. The surrounding area is densely packed with houses, many with dark roofs, and some green spaces. The highlighted lot appears to be a smaller, possibly commercial or industrial site, given its location and the presence of some larger structures and parking areas.
